Are You Familiar With the Master Plan and/or Ordinances of the City of Northglenn? What About Similar Plans or Ordinances in Other Communities? Please List:

I have some knowledge of the Master Plan of the city. I keep up to date on development and business growth in the city as well as crime data. I have lived in the city for almost 17 years . I am familiar with ordinances that I have researched over the years for things like construction, remodel, building, streets, parking and vehicles. The future of growth and development in the city is important to me as a citizen of Northglenn. I had a more extensive knowledge of the city of Louisville, CO, where I worked as a firefighter/paramedic for 7 years. During my time there I became familiar with city ordinances, growth development and infrastructure.

Have You Ever Attended Any of the City's Boards or Commissions or City Council Meetings? How About Any Similar Meetings in Other Communities? Please List:

I have watched city council meetings online, but never attended one in person. Again, I have attended city council meetings, board meetings and fire department board of director meetings for the city of Louisville. I had a large interaction with the board of directors with the fire department before my departure for South Metro Fire Rescue. I implemented the International Association of Firefighters (IAFF) and unionized 95% of the line firefighters of the department. I had direct dealings with the board members and attended a majority of the monthly meetings.

Please List Any Civic Activities in Which You Have Been Involved:

I have participated in the parking/ student issues that affected the neighborhoods surrounding NGHS in 2019. I am an unofficial member of the snow shoveling brigade, meaning I clear snow from the driveways of my neighbors who cannot shovel for themselves. My wife and I organized a block party for our neighbors in 2006, which city council members participated in.

Please List Your Specialized Business Skills or Education:

I owned an air duct and cleaning business from approximately 2007-2012. I ran all aspects of the business including finances, scheduling and customer service.

Employer:

South Metro Fire Rescue

Occupation:

Paramedic firefighter

What Traits or Characteristics Do You Feel Can Offer in Problem Resolution? Please List:

My work as a paramedic for SMFR includes a large amount of citizen contact and customer service. My fire chief is big on customer service and taking care of our customers. Often, I have to deescalate situations and provide superior customer service on people's worst days. I also have experience in the same area from working at Children's Hospital for 5 years. Trying to make a family, whose child has a broken arm, feel important and comfortable while they have been waiting for nearly two hours because there are kids who are more sick being seen, is no easy task. The was an important part of my job and I took pride in making the situation better.

Briefly Describe Your Interest in Serving on This Board or Commission. Feel Free to Indicate Any Areas of Expertise, Background, Concerns and/or General Information That May Be Applicable.:

Interactions with city council and board of directors experience is listed above. I have lived in Northglenn for quite some time, I have raised children here and plan to be here for the future. I am not a person who just hopes things work out for the best and feel it is time to get more involved. I want the city to be successful and can contribute to the continued success of making Northglenn a good place to live and do business.

Are You Related to Any Employee, Appointee or Elected

N/A

Official of the City of Northglenn? If So, Please List Them Here:

If You Receive Favorable Consideration For an Appointment to a Board or Commission, Would Your Schedule Allow You to Attend These Meetings? If Not, Identify The Number of Meetings You Would Likely Miss:

I currently work a 48/96 schedule with SMFR, I am on duty for 48 hours and then have 4 days off. My work days move backwards 1 day each week, meaning if I work Monday-Tuesday this week I then work Sunday-Monday the following week. My schedule cycles through about every 8 weeks, so there would be some conflicts that occur during the calendar year.
