

FINANCE MEMORANDUM
#09-23

DATE: December 10, 2009

TO: Honorable Mayor Kathleen M. Novak and City Council Members

FROM: Bill Simmons, City Manager 
Shawn Cordsen, Finance Director 

SUBJECT: Capital Improvement Program (CIP) Carry Over

BACKGROUND:

According to Section 5-8-11 of the City Code:

“After adoption of the budget, the City Council shall enact an ordinance appropriating funds for municipal operations for the ensuing fiscal year. Appropriations shall lapse at fiscal year end for all funds except for funds appropriated pursuant to the capital projects program created by section 8.5 of the City Charter. Appropriation for projects identified in the capital projects program shall continue, and be carried forward to succeeding years, until the project is completed.”

UPDATE:

Staff has created a worksheet detailing the carry over balance of each project. As part of the process, proposed carry over amounts have been developed for those projects which have been completed or expected to cost less than originally budgeted. Furthermore, adjustments have been made to align the estimated carry over amounts which were originally included in the 2009 budget to that which actually remained as of the end of 2008.

For purposes of simplifying the report, staff focused on the 2008 & 2009 active projects. Therefore, while the information provided is in relation to pages 233-235 of the '09 budget document, future planned (i.e. 2010 and beyond) projects have been excluded.

RECOMMENDATION:

Staff is requesting a supplemental appropriation to the 2009 Budget for the identified unfinished projects.
