FINANCE MEMORANDUM
#13-05

DATE: May 13, 2013

TO: Honorable Mayor Joyce Downing and City Council Members

FROM: David Willett, Acting City Manager 
Jason Loveland, Director of Finance 

SUBJECT: CB-1800 – Capital Improvement Program (CIP) Carry Over

BACKGROUND:

According to Section 5-8-11 of the City Code:

“After adoption of the budget, the City Council shall enact an ordinance appropriating funds for municipal operations for the ensuing fiscal year. Appropriations shall lapse at fiscal year end for all funds except for funds appropriated pursuant to the capital projects program created by section 8.5 of the City Charter. Appropriation for projects identified in the capital projects program shall continue, and be carried forward to succeeding years, until the project is completed.”

UPDATE:

At the May 6th Study Sessions, City Council discussed the proposed 2013 CIP Carry Over. There have been no changes to the carry over amounts since that meeting.

The accompanying worksheets detail the unspent balance of each capital improvement project as of December 31, 2012. Unspent funds associated with completed projects are considered project savings and as such will be recognized through higher 2012 ending fund balances. If a project remained unfinished at the end of 2012, the worksheet provides the requested carry over of the remaining 2012 appropriation to fiscal year 2013. In certain cases, the requested carry over amounts are less than what was unspent due to revisions in project cost estimates, and/or the realignment of estimated carry over amounts included in the 2013 budget process to those which actually remained unspent as of December 31, 2012.

The CIP carry over is categorized into the following Funding Sources:

- Conservation Trust Fund (CTF)
- Community Development Block Grant Fund (CDBG)
- Property tax dedicated for road reconstruction by the City (4.000 Mills)
- Adams County Open Space Tax (ADCOO)
- Adams County Transportation Tax (ADCOT)
- General Fund dollars committed to capital improvements (General)

- Local, State, or Federal grant funds (Grant)
- Water Fund (WF)
- Wastewater Fund (WWF)
- Stormwater Fund (SWF)

A copy of the adopting ordinance has been enclosed.

PROS/CONS:

Carry over provisions allow for the completion of projects which are in progress as of the end of the year.

The process involves increasing the 2013 capital improvement allocation originally provided for in the adopted budget.
