

**PUBLIC WORKS DEPARTMENT
MEMORANDUM #2013 – 12**

DATE: March 25, 2013
TO: Honorable Mayor Joyce Downing and City Council Members
FROM: David H. Willett, Acting City Manager 
Norm Bell, Public Works Operations Superintendent 
SUBJECT: CR- 31; 2013 Fire Hydrant Replacement Program

BACKGROUND

The City of Northglenn has approximately 1,000 fire hydrants within the City's corporate limits. Proper maintenance and operation of hydrants is essential for fire protection services and other municipal uses. The most recent assessment performed by staff designated 40 hydrants that are nearing the end of their useful service lives. These hydrants are out-of-production models, for which replacement parts are unavailable. It is recommended that these hydrants be replaced over the next two years.

BUDGET/TIME IMPLICATIONS

The Public Works Department's Distribution and Collection Division will install the new hydrants in 2013. Twenty hydrants, eight valves, and various amounts of piping accessories were posted for bid on the Rocky Mountain E-Purchasing System on January 22, 2013. On March 6, 2013, HD Supply Waterworks submitted the sole bid of \$48,304.40. Two other vendors who submitted bids last year declined to bid this year.

HD Supply prices for 2013 have remained the same for the fire hydrants and valves. The pricing of the supplemental components have increased slightly.

An appropriation of \$50,000 can be found under the Public Works Department/Distribution and Collection/Operating Supplies.

RECOMMENDATION

Attached to this memorandum is a Resolution that, if approved, would allow the City Manager to issue a Purchase Order to **HD Supply Waterworks** in the amount of **\$48,304.40**.

Staff recommends approval of this Resolution.
