**Skills or education:**

I have a BA in United States History and a MA in Public History. I have worked at the Colorado History Museum for years. In that time, I have inventoried over 8,000 objects at the Byers-Evans House Museum. I have done conservation work, numbered objects, boxed objects for storage, moved objects for display, photographed objects, updated database records. I have also worked with volunteers and museum staff on other projects. I helped hang paintings for the Denver Artist Club exhibit at the Byers-Evans house. I covered the front desk and gave several tours of the house.
