Deputy City Clerk

PLANNING AND DEVELOPMENT MEMORANDUM

#08-32

August 7, 2008

TO: Honorable Mayor Kathleen M. Novak and City Council members

FROM: David Allen, Acting City Manager *DA*
James Hayes, Director of Planning and Development *JH*
Rick Davis, Chief Building Official *RD*

SUBJECT: CB-1666, Adopt by reference the 2006 International Energy Conservation Code with amendments.

RECOMMENDATION:

Attached to this memorandum is a proposed Ordinance which, if approved, would adopt the 2006 International Energy Conservation Code with amendments. Staff recommends approval of this proposed Ordinance.

BACKGROUND:

The periodic adoption of new Building Codes is standard practice for the City of Northglenn. Public Comment on these proposed Building Code Amendments and adoptions was accepted from June 20, 2008, until July 18, 2008. The codes proposed for adoption by reference were available for public review at the Office of the City Clerk. Codes were also available for review on the City of Northglenn website at www.northglenn.org. Results of the Public Comments are attached for City Council consideration.

In 2003, pursuant to Ordinance No. 1358, Series of 2003, the City Council of Northglenn adopted the 2003 International Energy Conservation Code (IECC), which was codified at Article 11, Chapter 10 of the Northglenn Municipal Code. The International Energy Conservation Code is updated every three years. The most current edition is the 2006 edition, and adopting this version will allow the City to stay up to date, and maintain a favorable Insurance Services Organization (ISO) rating. The proposed amendments are consistent with previously adopted version of the Code.

BUDGET/TIME IMPLICATIONS:

Adoption of the 2006 International Energy Conservation Code has no budgetary impacts.
