

Are You Ready for a *Better Commute* on North I-25?

If you're frustrated with congestion and ready to start a better commute on north I-25, you're in the right place! Adjusting your commute helps reduce traffic, improve air quality, and save you time and money. Smart Commute has developed the **Concierge Commute** ridesharing program to help you shift your commute.

The **Concierge Commute** program is simple: Smart Commute will lease you and four of your friends a brand new Chevrolet Traverse for your commute. Based on a group of five people, each individual can expect to pay about **\$100 a month** which, in addition to the vehicle, includes gas, maintenance and insurance!
