**Subject:** Application for Board or Commission

Board or Commission: citizens

First name: Steve

Middle name:

Last name: Koch

**Skills or education:**

I attended the University of Maryland where I successfully completed college courses in Business Management, Accounting, and Finance. Additionally, I am a member of the American Mensa Society. I also have 20+ years employment experience in the customer service field, ranging from a discount grocery store to a high end tile and natural stone shop. I have cultivated good working relationships with people from all walks of life.

**Civic activities:**

I have most recently been involved with a group called "The Holiday Project", and we went over to the Malley Rehabilitation Center on Christmas Day and sang Christmas carols to the folks that were there. I have also taken part in the Governors Cup 5k run, and also helped out with Habitat for Humanity.

**Meetings attended:**

I have not yet attended any meetings here in Northglenn. I have attended meetings in Lakewood.

**Plans/Ordinances:**

I am somewhat familiar with, and in support of, the Comprehensive Plan for Northglenn.

**Traits:**

Compassion, understanding, patience, respect, and open-mindedness are a few that initially come to mind. In my experience most problems that exist between two people, or two entities, are due to a lack of communication, a lack of understanding, or both. The keys to a quick and successful resolution are the knowledge to identify wherein the problem lies, the ownership to find out what the resolution actually is, and the ability to articulate that resolution to all concerned parties in such a way that everyone is satisfied, or at least come away with a better understanding of why things are the way they are.

**Interest:**

I am interested in serving on this board because I have really come to love Northglenn as my home. I have been a Colorado resident since 1995, and moved to Northglenn in 2008. Honestly, I didn't know much about Northglenn when I moved here. However, the reception I received from my neighbors was strikingly warm. What really got my attention was how many of my neighbors have grown children that have also decided to make their home in Northglenn. I found that to be almost uncanny, and definitely unique. I really like the small town feel that Northglenn offers, as well as all of the wonderful amenities. There are many beautiful parks and trails, as well as a fine Rec Center. In my opinion, the best way to preserve the best things about Northglenn is to get involved and take an active role. That is why I am interested in serving on the Citizens' Affairs Board.

**Relatives:**

No.

Likely missed meetings:  
Yes.

Additional boards or commissions:

Adjustment: N  
Citizens Affairs: N  
Election Commission: N
