Parks, Recreation & Cultural Services
MEMORANDUM #9 - 2012

DATE: June 25, 2012
TO: Honorable Mayor Joyce Downing and City Council Members
FROM: William A. Simmons, City Manager *WAS*
Amanda Peterson, Director of Parks, Recreation and Cultural Services *AP*
SUBJECT: Parks and Recreation Master Plan Review Requirements CB-1772

RECOMMENDATION

Staff brings forward the attached Ordinance, amending section 17-2-7 of the Municipal Code, as per the recommendation of the Parks and Recreation Advisory Board. This amendment would remove the requirement that the Parks and Recreation Advisory Board update the Parks and Recreation Master Plan on an annual basis and replace it with a provision that allows for an annual review and an update every five years. The Parks and Recreation Advisory Board unanimously supports this amendment.

BACKGROUND

A Master Plan is a document that generally covers a five to ten year period, identifying scheduled capital improvements, operational milestones and long-term goals. The Master Plan was originally adopted in 1983, with approximately 10 revisions on file between 1983 and 2012.

The requirement that the plan be updated annually is not in line with industry standards. It is important for staff and board members to review the document on an annual basis to determine if the plan remains relevant and ensure that milestones are being met. However, a formal update is not recommended to occur that often. This amendment would not preclude updates from occurring more often, but would only require that a formal update be done every five years. This is also in accordance with the prescribed timeline identified within the Comprehensive Plan. Efforts will be made to align the timing of updates to the Parks and Recreation Master Plan with any updates or revisions to the Comprehensive Plan.

TIME/BUDGET IMPLICATIONS

There are no budget or time implications associated with this amendment.
