

LOGISTICS MEMORANDUM

#07-05

May 24, 2007

TO: Honorable Mayor Kathleen M. Novak and City Council Members

FROM: A.J. Krieger, City Manager
Kurt Kowar, Logistics Center Manager *KK*
Heath Klein, Civil Engineer I *HJK*

SUBJECT: CB-1623 - Marion St Stormwater and Waterline Emergency Work

RECOMMENDATION:

Attached to this memorandum is a Resolution which, if approved, would provide a supplemental appropriation of funds for the Marion St. Stormwater and Waterline Emergency Work. This supplemental appropriation would provide funding to reimburse the contractor, Quality Paving Co., for work being performed. Staff recommends approval of this Resolution.

BACKGROUND:

On Wednesday February 14, 2007 the City discovered a waterline break at Marion Street and Grange Hall Creek. Maintenance & Operation field crews were able to isolate the break without disruption to residents. Further investigation found that the stormwater system in the immediate area had been compromised and would require replacement.

City staff has designed the replacement of the waterline and the existing 48" CMP stormwater system. Quality Paving Co., the contractor awarded the 2006 Greenway Trail and Park Trail Replacement Program, was directed to complete this work based upon quoted prices and immediate availability.

The scope of work includes: removal of the 48" CMP Storm Sewer pipe and replacement with dual 60" RCP Storm Sewer pipes with two inlets, a manhole, and headwall; removal of 8" A.C. waterline and replacement with 8" PVC waterline; and replacement of the asphalt pavement, curb and gutter, and sidewalk in the area affected by this work.

POTENTIAL OBJECTION:

City Staff is not aware of any specific opposition to this supplemental appropriation.

BUDGET/TIME IMPLICATIONS:

There are no time implications
