**Employer:**

Charter Communications

**Occupation:**

Project Manager

**What Traits or Characteristics Do You Feel Can Offer in Problem Resolution? Please List:**

- I have a varied background of residences, having lived in major cities (Chicago, Minneapolis, Phoenix) as well as suburban neighborhoods.  
- I have a varied background of employment, having worked as a bartender/server, a hardware/rental store associate, a music and stage performer, a writer, a marketer, and a project manager (which has its own set of problem resolution techniques inherent to the position)  
- I have lived abroad (Peru, Hong Kong) and am fluent in Spanish.  
- I have spent much time as a renter and now, as a homeowner.  
- I have lived and worked in communities of both strongly liberal and strongly conservative political bent.

All these things lend themselves to (or stem from) an ability and desire to relate to people, to help them feel heard, to empathically seek to understand their point of view, and to desire to help build the bonds of community through mutual understanding.

Additionally, I hate to toot my horn, but I am friendly and approachable, and quick with a joke, yet in my work life, I understand the need to tow the company line when it's necessary. I try in all things to help people, to talk to strangers, and to make everyone feel welcome.

**Briefly Describe Your Interest in Serving on This Board or Commission. Feel Free to Indicate Any Areas of Expertise, Background, Concerns and/or General Information That May Be Applicable.:**

We just bought our first home in January, and it's here in Ward 1 in Northglenn. I've certainly always wanted to serve the community, and have volunteered my time at various private institutions, like the Boys and Girls Club of the Twin Cities, the James Conklin Memorial Scholarship, Feed My Starving Children, and Tincuy Peru.

Now that I'm a homeowner, however, my own success is now staked to the success of this community. I want to see it thrive so that my family and the other families here in Northglenn can thrive as well! And therefore, serving in a civic capacity seems like a great way to become more

involved. I love the small-town feel of Northglenn, and I'd love to do what I can to support that and help the community here.

I have a great interest in the history of places. My parents grew up in the Denver area, and I grew up in Castle Rock. I love the history of Colorado, and we were proud to buy this home from the man who bought it brand new from Perl-Mack in 1961. There's a lot of history in my home, and there's a lot of history in this community. I'd love to help protect that while bolstering the city's resilience and planning a great future for Northglenn.

**Are You Related to Any Employee, Appointee or Elected Official of the City of Northglenn? If So, Please List Them Here:**

No.

**If You Receive Favorable Consideration For an Appointment to a Board or Commission, Would Your Schedule Allow You to Attend These Meetings? If Not, Identify The Number of Meetings You Would Likely Miss:**

I would certainly make the meetings a high priority if appointed. I see no reason why I would miss any meetings.
