How Does City Government Affect Your Life?:

City government affects my life in many ways. They influence my education by funding schools and making policies. Their role in public safety provides a sense of security. Community events and engagement initiatives foster a sense of belonging. Lastly, city-provided youth programs help me grow and contribute to my community. Joining the youth commission is my way to learn more about these impacts and contribute to making our city better.

What Do You Want to Accomplish for Youth in the City of Northglenn?:

I'm really passionate about making a positive impact on the youth in Northglenn. I want to create more opportunities for young people to engage with local government and discuss the issues that matter to us. Mental health support is a priority; I aim to advocate for accessible resources and reduce the stigma around mental health. Addressing climate change locally is also essential, through environmental education and eco-friendly initiatives. Lastly, ensuring there are safe and enjoyable spaces for youth recreation is something I want to work on, making our city more youth-friendly and vibrant.
