ADMINISTRATION MEMORANDUM
15-12

DATE: April 27, 2015

TO: Honorable Mayor Joyce Downing and City Council members

FROM: John Pick, City Manager 

SUBJECT: CB- 1852 – Construction Noise Ordinance Amendment

RECOMMENDATION:

I recommend that the Council adopt the attached ordinance changing the time during which noise-producing construction activities can take place in Northglenn to reduce the potential for loud noises to disturb residents. This version reflects several changes from the original draft to address concerns raised by the Council.

BACKGROUND:

When the proposed amendment to the noise ordinance was discussed by Council at your March 16, 2015 Study Session, a number of concerns were raised about the effect of this ordinance on utilities needing to perform emergency work at night and on construction activities that don't generate noise. Since that Study Session, the City Attorney has reviewed the ordinance and added an exemption for utilities performing emergency work. In addition, he added back to this draft a provision from the current ordinance to provide that construction activities that don't produce noise that would constitute a disturbance "across a residential real property boundary" would not be prohibited. With these changes, we believe that the objections to this ordinance have been addressed.

BUDGET/TIME IMPLICATIONS:

There are no budget or time implications involved with this recommendation.
