City of Northglenn Youth Commission Application

Chandler Sanchez

I'm looking to become a member of the Board of Directors for the Northglenn Youth Commission because I seek to benefit my society and to try to improve it in any way I can. I seek to be able to positively affect my community and learn more about what's currently happening within Northglenn.

My city's government affects my life seeing to how I live and include myself within activities within the area of Northglenn and how I'm obliged to follow it's laws and regulations. Not only does it affect my personal life but it also very much affects my school (Northglenn High School) and what the school does/is involved in.

I am also at this time a member of my school's MESA club, Roots and Shoots, Drama Tech, and Video Game club, and I actively participate in outside activities involving representing my school.

I hope to accomplish that the youths of Northglenn are properly knowledgeable about their town's government and how it affects them and what's happening within their community of which they can contribute to. I also want the youth of Northglenn to be able to give input about how their communities run which are considered valid and to be taken seriously, giving Northglenn's youth a bit of a larger voice and outreach.

I believe that that the youth within Northglenn's community offer a different view to how the city runs and can potentially offer input which may not have previously been thought of. I believe that the youth of Northglenn can contribute ideas which can help all of Northglenn reach success and thrive.
