Yes

**Why Do You Want to Be a Member of the Board of Directors of the Northglenn Youth Commission?:**

I've lived in the Thornton–Northglenn area for most of my life, so I've really seen the community grow and change. I've always enjoyed events like Pirate Fest and the local carnivals, and I've often had ideas about programs or improvements that could make them even better. Until recently, I didn't realize there was a way for youth like me to actually share those ideas. Being part of the Youth Commission would give me the chance to contribute, give back, and help shape the community I've grown up in.

**How Does City Government Affect Your Life?:**

City government impacts my daily life in both small and big ways. On the small side, I use public transportation like the train, and the free youth rides have been incredibly helpful for me and my friends. On a larger scale, decisions about school funding and programs directly affect my education and opportunities.

**What Other Organizations, Clubs or Teams You Are Currently A Member Of?:**

Academically, I'm part of National Honor Society and Phi Theta Kappa. Outside of school, I volunteer at UCHealth Broomfield Hospital, and I'm also involved in MYPI, an Islamic youth mental health program.

**What Do You Want to Accomplish for Youth in the City of Northglenn?:**

I'd like to see more special-interest classes offered for youth in Northglenn. Things like science, technology, CPR, First Aid, or babysitting classes can give youth some useful skills and fun experiences. My high school doesn't have the resources to provide these opportunities, so it would be great if the city could make them more accessible to local students.

**What Impact Do You Think That Youth of Your Age Can Have in Our City?:**

Youth our age can have a big impact by bringing fresh ideas and creating more opportunities for families to connect. We can help make sure there are fun and safe activities for kids and teens to get involved in outside of their homes, which also supports parents and strengthens the community.
