13039	Traffic Complaint	7/3/2026	7/10/2026		Hawk,Calvin	Hello, I have a complaint regarding the I-25 on-ramps, specifically the 120th Ave on-ramp to southbound I-25 So driving every workday on I-25, I continually see the metering lights on, and a few cars waiting, but invariably, I see 2, 3 and even 4 cars all take off when the metering light goes green. Seems like everybody is entitled to enter the freeway at once, they certainly don't have to wait for the next green light in 10 seconds or whatever, so who's in charge of policing the metering lights? Hopefully NPD can take action and begin issuing tickets when this occurs on the Northglenn side of the freeway. It's not a wonder traffic is still bad when so many people do not follow the law.

13058	Fireworks	7/4/2026	7/11/2026	7/6/2026	Lauck,Justin	Fireworks have been going off in rapid succession in my neighborhood. They are louder than they have ever been since I moved here. My Chihuahuas are trembling and panting, and I'm worried about their hearts as they are both little old men (so to speak). I'm also terrified as it sounds as if people are shooting machine guns at my house and hitting it!

13127	Traffic Complaint	7/11/2026	7/18/2026	7/13/2026	Guzman,Jarrod	Please inform those who behave as tho' 115th Ave east of Melody Drive is a speedway, that it is NOT...also for those who behave as tho' there is no stop sign at that intersection, that it is a 3-way STOP. This is especially egregious at what I'm assuming are opening and closing times of businesses.

13150	Abandoned Vehicle - Public Property	7/13/2026	8/12/2026	7/14/2026	Lund,Jeramie	The entrance gate to my apartment closes at 7:30pm and once it is closed tenants can not get into the complex unless the exit gate is open. The electrical unit that allows to to use a key fob to get in has no power. The keypad to dial a tenants guest to be allowed in also has no power and has not worked for a month now. After serval attempts at getting a hold of our building management to no avail I did not know where to turn to get this issue resolved. The gate is closed from 7:30pm to 5:00am. I am worried that emergency response would not be able to reach anyone during those hours if a need arouse.

13243	Traffic Complaint	7/22/2026	7/29/2026	7/28/2026	Guzman,Jarrod	The traffic light issue on 104th and Elati still hasn't been addressed. The east and west traffic is sitting there for over 5 minutes while there is no traffic on Elati. Is this some kind of joke being placed on the public allowing this light to malfunction or intentionally take that long to turn green on 104th. This is ridiculous already and has been reported already before, take this seriously as this is not only frustrating, but wasting gas and adding carbon monoxide to the air with all these vehicles just sitting there waiting for this light to change. If you all aren't in charge of this light, please inform the appropriate agency by cutting and pasting this to them. Thanks, I hope!!!!

13324	Abandoned Vehicle - Public Property	7/30/2026	8/6/2026	8/1/2026	Warme,Chyann	My backyard neighbors at 10666 Corona Street have chickens, including a rooster. The rooster has been there at least a month but I am not sure how long they have had the chickens in general. We have already called Animal Control regarding the rooster and were told that the residents have two weeks to get rid of it. I called the planning department and the residents do not appear to have a permit to keep chickens. I appreciate if code enforcement could check this out and explain the chicken keeping regs to them - the rooster crows from about 4:30 am until sunset. I believe they are primarily Spanish speaking. Thank you!

13082	Report Issues With Our Web Site	7/7/2026	7/14/2026	7/16/2026	Hawk,Calvin	Dear City of Northglenn Traffic Engineering Team, I am writing as a resident to express my concern about the ongoing speeding and reckless driving on Irma Drive, which runs through our neighborhood (Karl's Farm). Unfortunately, it has become increasingly common for drivers to use this road as a place to race or travel at excessive speeds. This creates a serious safety concern for the many families, children, pedestrians, cyclists, and pets in our community. We frequently witness vehicles driving well above the posted speed limit, and many of us worry that it is only a matter of time before someone is seriously injured. I respectfully request that the City evaluate Irma Drive for traffic calming measures, specifically the installation of speed bumps or other effective solutions that would help reduce vehicle speeds and discourage racing. I understand that any changes require careful consideration, but I believe proactive measures would greatly improve the safety and quality of life for everyone who lives along this street. I would appreciate it if the City could investigate this issue and let residents know what options may be available. Thank you for your time, attention, and continued commitment to keeping our neighborhoods safe. Thank you, [redacted]

13155	Report Issues With Our Web Site	7/14/2026	7/21/2026	7/20/2026	Reffel,Chad	I am submitting this complaint because I feel that my reports of harassment and threats have not been taken seriously, and I do not feel that I have received the protection or assistance I need. I have been experiencing ongoing harassment, unwanted contact, and threats from [name of person/persons involved]. I have reported these incidents to law enforcement, but I feel that my concerns have been dismissed or not properly investigated. The behavior has continued, and I am afraid that the situation may escalate if action is not taken. I have evidence supporting my claims, including: * Text messages/social media messages * Call logs or voicemails * Screenshots * Witness information * Court documents or protection order information (if applicable) I have attempted to seek help through the proper channels, but I feel my concerns have not been treated with the seriousness they deserve. I am requesting that these incidents be properly documented, investigated, and that I receive information about what steps can be taken to protect my safety. I am especially concerned because the harassment has continued despite my attempts to stop contact and seek assistance. I believe my safety and well-being are at risk, and I am requesting a thorough review of my previous reports and the actions taken. P.s. showing up to my property unnoticed is not okay! Please provide me with a copy of this complaint and confirmation that it has been received and reviewed. Thank you for your attention to this matter. Respectfully, [redacted] [7/14/2026]

Please make a top priority to help the residence of these apartments. At least seven of them I know personally, and they are all gainfully employed young people just trying to have a little bit of independence and having their own apartment. This is devastating that they have to be afraid to go home every single day. https://nextdoor.com/p/xD_xnkGLqnNz?utm_source=share&extras=MjQxNDYyNDA%3D&share_platform=10&utm_campaign=1783456327100&share_action_id=690b0c82-ff6f-44da-98b9-e228fac56a72

I mean this is disrespectful to us citizens. These officers need to be hold to the highest standards. Public servants don't represent Northglenn very well doing anything they want,In front of tax payer houses. This is ridiculous. Also my public cars you use were running for about 20 mins. It is causing a safety issue with cars nearly colliding with eachother when turning into or out of the road because of the big RV causing a blind spot. This had been an issue for so long nothing is ever done about it. The notice is given to move the vehicle off the street and nothing is done about it. Code says 14 days max and it passes that and nothing is done about it.

I was never served i was never notified of the filing but my ex husband [redacted] u know u shot him Aug 5th 2023 had me served with a protection order by in a wrap county , sheriff , on october 6th 2023 there was one repo, sheriff and 4 Aurora PD officers on scene at my house for 30 minutes. [redacted] also filed divorce paperwork in Adams County and had me, supposedly served on the exact same day at the exact same time. By a private processor that was not noted by the sheriff in the report. But you can tell that the documents are in [redacted] handwriting just signed the opposite direction. He forged this return of service, I have brought this to the attention of my domestic relations case because why I had it transferred to arapo county change a venue and I have notified the special prosecutor in my case, [redacted]. About everything that has happened today. Because this is all because of my domestic relations case in repo county that they are retaliatory on me and making stuff up and if there is such restraining order or something was filed with the courts I had no knowledge of it and it's forged just like my ex-husband forged this document, the police officers would not listen to me. They are taking their side without hearing my side.After Pacheco is s extremely rude

13588	Complaint - Police Related	9/1/2026	9/8/2026	9/2/2026	McNeilly,Scott	Every few months we have had people claiming to be Xcel energy messing with internet. Adding to, taking pictures, entering the yard to kick at the utility pole and tie downs. The problem is this in internet related for our utility company xcel and it seems odd. Every month or so these people show up for no reason going door to door. No business cards, I see no vehicle. I'm concerned because I have got threats from elected officials on city council defaming me for running against them and their candidates. I'm [redacted] running for Colorado State Senate District 25. Yes corrupt criminals on you city council have made domestic terrorist threats aimed at me in writing in emails they sent to me. I even have reason to believe they are trading in internet information about me. As a person attached to Leighty's campaign actually said they work with comcast and they wanted my mother to only talk to them for her internet service. I'm a political candidate life long resident of Northglenn and I got these shady elected city council officials using people to actually spy on me and threaten me. I think it is weird there is a lot of XCEL people messing with the comcast internet in my neighborhood. While soft banning me on social media for not having a cell phone device. Even the Northglenn Courts demanded if I was to do Jury duty they wanted my non existing cell phone because I'm too poor to own one. I think because of the criminal harassment from City Council and the former City Manager and the Democrat and Republicans in Adams county. I have been threatened by elected officials in this city. So I am really concerned about the frequency of these internet related Xcel energy people happening every couple of months or less. Is it wire tapping because apparently this Earnst legal group is representing Leighty, Mullica, Wilford, and Brown of the city council and has sent me a letter they are spying on all my communications. There have been several physical altercations with extremist far left political factions and two of those incidents caused me physical harm. So a political candidate being politically persectuted by far left activists on the city council all backed by Act Blue a funding source and able to use our cities financial resources. I'm worried that people like Kondo, Leighty, Mullica, Wilford and Brown will use their influence with the police to use resources to spy on neighbors communication services illegally. Hence the problem with constant XCEL inspectors checking out or Internet frequently on 118th Avenue Northglenn Colorado.

13596	Abandoned Vehicle - Public Property	9/2/2026	9/9/2026	9/7/2026	Reffel,Chad	Between 8 a.m. and 10 am today, September 2, 2026, Northglenn police were out at Devon Self Storage evicting a couple from a storage unit of all their belongings. In turn, that couple moved their items from one side of Cherokee St, the side where the storage place is, to the other side, against my backyard fence. All of their belongings and trash have now been placed against our fences, and I want to make a record to show that none of those items are ours, nor is any of the trash and debris is because of us. I want to ensure that the City will not fine us for whatever is left or whatever this couple could not take with them. I also want to ensure we are not hit with a dumping fee or any code compliance issues. Can you confirm that someone will be made aware of the situation, and should there be trash left, it will NOT fall on us to do away with it or to pay fines to get things removed? Please let me know how I need to proceed to relieve myself of all liabilities tied to this eviction. The address of the house where all of their belongings and trash have been left is 310 W 114th Pl, 80234.

13606	Police - General Request	9/4/2026	9/11/2026		Lauck,Justin	Pursuant to Northglenn Municipal Code Section 14-2-6 (Miscellaneous Unlawful Acts), I am submitting a formal complaint regarding persistent violations at 12360 Irma Drive in the Karls Farm Development. The residents have repeatedly ignored warnings and formal violation notices issued by the Karls Farm HOA. Officers Chyann Warme and Melissa Aguero were tagged on an email escalation to EMG this morning for awareness as the residents still allow their dog to run at large and this time on other residents' front lawn. EMG has sent a reminder to residents today that this is in our local ordinance. Because previous HOA interventions have not resolved the issue, please advise on the process for escalating enforcement and issuing official municipal penalties to these residents.

13618	Abandoned Vehicle - Public Property	9/6/2026	9/13/2026	9/16/2026	Warme,Chyann	There have been two unregistered vehicles parked in this area for about 2 months now. 1 white Jeep and 1 white Ford truck. Liscense Plates are on them occasionally but are not current with up to date stickers nor are they real. Sometimes they are Texas plates, sometimes Nebraska plates, other times its a Colorado plate. I believe someone is switching out plates on these vehicles every couple of weeks to try and fool law and code enforcement. The vehicles never move and belong to residents at 10661 Larry dr. I also know at the residence of 10661 Larry dr there are multiple unregistered vehicles parked in the driveway Which is why they keep parking the other illigal vehicles in front of our house. I have tried talking to the residents about this issue but they act like they cant speak English and/or ignore what I ask. Can something be done about this or is Northglenn now allowing people to just park illegal vehicles on the street wherever they want? It is kind of annoying that they get away with this while I've had a code violation for not placing my trash container in the correct spot.. Please do not share my personal information with them. I wish to stay somewhat anonymous.
