Package Name:	Formalize USPS Directly Addressed Connection Delivery Priority:	1				
Package Type:	One Time: On Going: X Other:					
Total Package Costs:	\$ 14,816.00					
Description/ Justification:	_ 					
Description/Justification: After numerous complaints from residents that they were not receiving the Northglenn Connection staff began to investigate alternative methods of delivery. Using direct door-to-door delivery proved to be affordable but not effective. Putting addresses on the Connection, as is done with the Rec Guide, was found to be very effective but costs \$2,800 more per month due to increased postage cost and an increase in the number of newsletters mailed. In 2013 these costs were absorbed by the existing budget since only six issues were sent out. This method raises the cost of each Connection printed and mailed from 31.8 cents to 47.6 cents. It also sends out 900 more Connections. Staff plans to coordinate with Parks and Recreation Department in 2014 to create a unified contract for printing both the Connection and the Rec Guide which could possibly lower this cost substantially.						
Alternatives: The Connection reverts to the previous method of delivery using bulk mail intended for large marketing initiatives. While cheaper this method is not designed for the city's purposes and results in large numbers of the Connection being delivered into Westminster and Thornton and not into Northglenn.
