A BILL FOR AN ORDINANCE AMENDING SECTION 16-2-20 OF THE CITY OF NORTHGLENN MUNICIPAL CODE REGARDING THE CITY'S USE OF FACILITIES IN CITY RIGHTS-OF-WAY

WHEREAS, the City finds that the use of streets, alleys and other public places by utilities and providers of similar services within the City confers a public benefit on private sector, investor-owned entities;

WHEREAS, the City further finds that some of these entities hold franchises from the City and pay certain compensation to the City, which in turn is often directly passed through by the private entity to its customers;

WHEREAS, the City also finds that because the use of public property provides a direct and continuing benefit to private entities, it is both reasonable and appropriate, and an exercise of the City's general police power, that those who utilize public property should contribute to the City's ability to accomplish its public interest goals through the use of facilities located on public property in a manner that is not inconsistent with the facilities' primary use; and

WHEREAS, the City further finds that it is the intent of this Ordinance to create a process by which, as additional consideration for the use of the City's streets, alleys and other public places as may be granted by the City, utilities and providers of similar services may also be required to make their facilities in the public property available for City use, to the extent that such use does not create a material negative impact on a private entity's facilities or operations, and such use can be accomplished in a manner that is protective of public health and safety.
