Why do you want to be appointed to the City Council?
My prior experience with the police department and involvements with all city departments.
My prior experience with being on the City Council from 2006-2010.

How will your education, training, experience, and knowledge of the community make you a suitable candidate to serve as a member of the City Council?

As I have mentioned above my involvement with the Council for 4 years. I have a working knowledge of the city / staff. From water rights to street overlays.

I am not naive to the processes and the internal struggles that can occur between council members and/or staff. I am not one to back away from an issue while at the same time work across the isle if needed to come up with a solution that is a win/win for all.

In your opinion, what are the most important issues facing the City and how would you propose they be addressed?

Balanced spending. The current council has been blessed with a fairly strong economy and I would like them to take advantage of this but being careful not to over spend as the economy is at a tipping point.

What vision do you have for the City of Northglenn?

Northglenn is a beautiful city. It is a place where I have raised my daughter and now my second daughter. I hope that Northglenn continues this. Better parks, Recreations areas, business are all things that need to be addressed by future leaders in the city.

In reviewing the City's 2020 Budget, what are you most excited about and why?

Ongoing development of the new Recreation Center.

If the Council is debating an item that is, for you, a particularly strong emotional issue, how would you maintain your objectivity?

You need to follow the law. As a council member you can abstain from the vote if there is a conflict of interest.
