

**PUBLIC WORKS DEPARTMENT MEMORANDUM
#36-2020**

DATE: November 23, 2020
TO: Honorable Mayor Meredith Leighty and City Council Members
THROUGH: Heather Geyer, City Manager *Hmg*
FROM: Kent Kisselman, PE – Director of Public Works *KHK*
SUBJECT: CR-161 – 2021 Landfill Services

PURPOSE

To consider CR-161, a resolution to approve a contract addendum to add 2021 to the City's current contract with Allied Waste Systems of Colorado, LLC for landfill services.

BACKGROUND

The cities of Northglenn and Thornton have partnered on competitive bids for landfill services for the last 10 years. This strategy has led to favorable pricing and efficiency for both cities. In 2019, the cities signed their current contract with Allied Waste Systems, which operates landfills in Commerce City and Golden. The agreement is for an initial two-year period (2019 and 2020), with the option of one-year renewals through 2029. The cities pay \$13.20 per ton and \$30 per mattress or box spring.

For 2021, the rate has increased \$1 per ton due to Senate Bill 19-192, which requires a new user fee on solid waste, see Attachment 1, and by an additional \$0.36 due to inflation based on the Denver-Boulder-Greeley Consumer Price Index inflation rate.

STAFF RECOMMENDATION

Attached is CR-161, a resolution that, if approved, would authorize the Mayor to execute a contract addendum between the City and Allied Waste Systems of Colorado, LLC for the 2021 Landfill Services in an amount not to exceed \$200,000. Staff recommends approval of CR-161.

BUDGET/TIME IMPLICATIONS

The total budget amount for 2021 is \$200,000 and funds are budgeted in the Sanitation Fund.

MEMORANDUM

To: All Operating Front Range Solid Waste Disposal Sites and Facilities
 From: David Snapp, Solid Waste and Materials Management Program (303-726-6836) 
 Date: September 18, 2020
 Subject: Solid Waste User Fee Increase Notice - Front Range Waste Diversion Fee

Please note that, as a result of [Senate Bill 19-192 Front Range Waste Diversion Enterprise Grant Program](#), beginning on January 1, 2021, landfills in Colorado's Front Range Counties must increase the Front Range Waste Diversion Fee on select solid wastes accepted at your facilities. The Front Range Waste Diversion Fee collected at Front Range landfills will increase from fifteen cents (\$0.15) per cubic yard per load to thirty cents (\$0.30) per cubic yard per load on January 1, 2021. The new fee will increase for each of the next three years, and thereafter adjusted annually for inflation. This fee change is defined in statute in § 25-16-104.5(3.9)(c), C.R.S. The other solid waste user fees that existed prior to this new bill will remain at the same current rate.

The fee is applicable to wastes received from commercial vehicles at solid waste sites and facilities in the Front Range, which are defined in the bill as Adams, Arapahoe, Boulder, Douglas, Elbert, El Paso, Jefferson, Larimer, Pueblo, Teller, and Weld and The Cities and Counties of Broomfield and Denver. The fee is also to be assessed on waste originating from the Front Range, but transported for disposal to facilities in Custer, Fremont, Morgan, or Otero Counties.

Also, note that certain solid wastes are exempt from the fee if separated out from the rest of the load, including asbestos-containing material, asbestos waste, friable asbestos-containing material as that term is defined in section 25-7-502(6), friable asbestos, nonfriable asbestos waste, regulated asbestos-contaminated soil, nonregulated asbestos-contaminated soil, pathological waste, pharmaceutical waste, ash, biohazardous waste, infectious waste as that term is defined in section 25-15-402(l)(a), medical waste, exploration and production waste as that term is defined in section 30-20-109 (1.5)(a)(i), technologically enhanced naturally occurring radioactive material as that term is defined in section 25-11-201(1)(f), grit and sludge, automobile shredder residue, dead animals, special waste liquids, or contaminated soils.

The 2021 rates for non-exempt waste received at, or from, Front Range Counties are shown in the table below.
