Why Do You Want to Be a Member of the Board of Directors of the Northglenn Youth Commission?:

I would like to be a member of the board of directors of the Northglenn Youth Commission because I believe that together we will be able to make a difference for the youth in Northglenn. I would like to give back to the community and create a positive impact on the community I live in.

How Does City Government Affect Your Life?:

City Government affects my life because they decide our city's policies, funding's, and budgets. The cities policies, funding, priority, and focus can have a positive or negative impact on the youth in the community. If I were to be a part of the Youth Commission I would be able to influence and contribute to the city's policies, budgets, and priorities based on the current issues faced by the youth.

What Other Organizations, Clubs or Teams You Are Currently A Member Of?:

At School I am apart of the National Junior Honor Society, Student Council, The World Affairs Challenge, and Math Counts. Out of school, I am a Cadette in Girl Scouts and I have earned my Bronze Award. I also do Taekwando, Piano, Indian Classical Music, and Indian Classical Dance. I perform Indian classical dance year-round at various cultural awareness and fundraising events.

What Do You Want to Accomplish for Youth in the City of Northglenn?:

I would like to help the youth in the city of Northglenn get better resources for education at schools and bring in youth enrichment programs. I would like to bring in youth enrichment programs at local schools and also raise items such as food, clothes, and educational supplies for homeless kids in Northglenn.

What Impact Do You Think That Youth of Your Age Can Have in Our City?:

I think that the youth of my age can have a big impact on the city because we would be able to identify and document the current problems and challenges faced by the youth in the community. We will be able to recognize problems that are happening in the youth community and then work together as a group to help solve those problems.
