## Questionnaire

---

<b>Have you lived in the City of Northglenn for at least 12 months?</b>	Yes
<b>Are you a registered voter?</b>	Yes
<b>Are you aware of the time commitment for serving on Council and will your schedule permit your regular attendance at meetings?</b>	Yes
<b>Are you related to any employee, appointee, or elected official of the City?</b>	No
<b>List your skills, abilities, related volunteer community service and interests relevant to the City Council position.</b>	<p>My skills and abilities for city council come primarily from my public school career. I was a facility manager for 22 years, where I was responsible for tax funded budgets, and worked with management teams to ensure positive outcomes in the public's interest.</p> <p>I am a current member of the parks and recreation advisory board. I do enjoy our parks, trails and city events!</p>
<b>Why do you want to be appointed to City Council?</b>	I take great pride in being a 25 year resident of Northglenn, and I want to help keep Northglenn a wonderful place to be.

---

**How will your education, training, experience, and knowledge of the community make you a suitable candidate to serve as a member of the City Council?**

I hold a certificate in accounting from FRCC, which helps me understand fiscal responsibility in spending public money.

Work experience with school physical operations help me understand how city physical operations work.

I'm quite social, and I feel in touch with the people of Northglenn.

---

**In your opinion, what are the most important issues facing the City and how would you propose they be addressed?**

Climate change, water resources and people experiencing homelessness.

Climate change is a world wide issue, but we can help by continued work on zero emissions, tax incentives, and alternative transportation incentives.

I've seen Stanley lake water levels low, and with climate change, things could become even worse. This has prompted me to increase my xeriscaping and reduce my sodded areas by half. I was awarded a 2017 neighborhood beautification award and a water wise yard of the month in August for my efforts. Plus a much smaller water bill! Continued encouragement is essential.

I was concerned when I learned of plans to turn the old rec center into a shelter, but now I feel it's a great success! I would like to see this program become permanent, a shining example for other cities to follow to help the most vulnerable population.

---

**What vision do you have for the City of Northglenn?**

I want to see Northglenn continue on it's successful path; the diverse, accepting, friendly community I love.

I want to see us continue to be the innovators of the area, with our large investments in art and culture.

And I want us to continue to be attractive to great businesses, to provide our residents with solid job opportunity.

---

**In reviewing the City's 2022 Budget, what are you most excited about and why?**

The new city hall, trail lighting for access to the N line station, and Kiwanis pool improvements.

The new city hall will cement our position as a modern dynamic city, complimenting our beautiful Justice and Recreation centers.

Trail lighting will make the N line station much more user friendly, making this important alternative transportation safer to use.

Kiwanis pool is special to me; it's where I taught the little ones to swim. We love the new splash pad and dressing rooms and I'm pleased to see the city continue to invest in this popular pool.

---

If the Council is debating an item that is, for you, a particularly strong emotional issue, how would you maintain your objectivity?

I would keep a open mind, and remember that I work for the citizens of Northglenn, and need to act in their best interest.

---

## Supplemental Information

---
