<b>Have You Ever Attended</b>	

**Any of the City's Boards or Commissions or City Council Meetings? How About Any Similar Meetings in Other Communities? Please List:**

Often, both as part of my job or as a commissioner myself. I actively presented in front of boards and commissions and councils at Schaumburg, Brighton and Louisville. When I was Historic Preservation Planner for the the cities of Brighton and Louisville, I was the staff liaison in charge of the Historic Preservation Commission. After the Marshall Fire, I now work for the building department as a plans examiner but until May of 2022 I was the staff liaison for our HPC. For the City of Elgin, I was also a member of the HPC, eventually serving as Vice Chair before I had to resign to move to Colorado.

**Please List Any Civic Activities in Which You Have Been Involved:**

- Design Review Committee Member for the Downtown Neighborhood Association of Elgin
- Elgin Heritage Commissioner for the City of Elgin, IL
- Co-founder, Treasurer and Board Member for Colorado chapter of Docomomo US
- State Historical Fund Reviewer for History Colorado (grants \$50,000 and above)

**Please List Your Specialized Business Skills or Education:**

I have an undergraduate and master's degree in history and historic preservation. I also meet the National Park Service's definition for professional qualifications in the following: history, architectural history, as well as historic architecture. Colorado's CLGs use the same definition structure so I would meet the professional qualifications there as well.

**Employer:**

City of Louisville

**Occupation:**

Plans Examiner

**What Traits or Characteristics Do You Feel Can Offer in Problem Resolution? Please List:**

As an employee of local government for nearly 10 years, I use problem resolution in my every day life and it is a priority of mine. Disagreements happen, whether they be between commission members, between a staff member and a commission member, or between an employee and the public. This would also include members of the public who may show up to a meeting to oppose a particular item on the agenda. In all those cases, patience and level-headedness are always my top priority. The job of commission members -- at every level -- is to give the public their time to speak, even when they disagree with what is being said. The same goes for

members of the same commission. Varied opinions are the backbone of strong commissions but making sure to not get carried away with a disagreement is key to problem resolution and sound decision making.

**Briefly Describe Your Interest in Serving on This Board or Commission. Feel Free to Indicate Any Areas of Expertise, Background, Concerns and/or General Information That May Be Applicable.:**

I would hope that my answers above provide a strong indication to my skills for this commission. That said, after the Marshall Fire burned 550 structures in the city I worked in, I felt strongly that I wanted to be a part of helping more directly with the rebuild recovery. I love my job but I do miss historic preservation and feel I have strong skills and valuable knowledge to offer. I moved to Northglenn at the beginning of this year and love this community. It would be an honor to serve for it.

**Are You Related to Any Employee, Appointee or Elected Official of the City of Northglenn? If So, Please List Them Here:**

No.

**If You Receive Favorable Consideration For an Appointment to a Board or Commission, Would Your Schedule Allow You to Attend These Meetings? If Not, Identify The Number**

Other than unanticipated absences, I can make Tuesday meetings not a problem.
